Use Windows Hello with your account

Your organization requires you to set up your work or school account with Windows Hello Face, Fingerprint, or PIN.

If you've already set up Windows Hello on this device, we'll automatically add it for this account. You may be asked to re-verify with Windows Hello.

If your organization requires a more complex PIN, Windows will prompt you to change it.

OK

Go through the process of enrolling a phone number or your personal email address. This is used in case you forget your pin/password, that way you can reset it yourself.

Set up a pin (minimum length here is 8).

Windows Security

Set up a PIN

Create a PIN to use in place of passwords. Having a PIN makes it easier to sign in to your device, apps, and services.

 New PIN

Confirm PIN

☐ Include letters and symbols

OK Cancel

Then it logs you in.
